

DUMPED AT SHELTER AT 15-YEAR OLD

2007. JUNIOR - 15 year old basset taken to Camarillo shelter - owner had died and the family could not take. - Unadoptable!

15 years is old for anyone, yet this hound had been sadly neglected for some time. Gray hair, bad teeth, abscesses and cysts galore. Junior came to the ranch at Basset Rescue Network to live. Every day with Junior has been a blessing. Always happy to greet you with a kiss and a jump.

Working on health issues Junior blossomed. His coat came in - black and sable. His cysts removed and the ones left shrunk and are barely noticeable. As his sight worsened with age, his energy level grew. Junior blossomed at the ranch.

Potential adoptive families would ohh and ahh - but then the age question came up - 15 years old, then 16 years old..... 17 and now facing 18. 18 years of absolute glory. The Ranch hound our Junior.

December 8, 2009 - An email came from a previous adopter: *"I have Gina and Trapper and I adore them - I want to give a home to a senior - I can have 3 - thus I would like to adopt Junior to remind me how young my 8 year olds are."*

Just an 18-year old hound, Junior, who scored a HOME for the Holidays.

ADOPTED AT 18-YEAR OLD FOR XMAS

Here's the latest update on 18-year old Junior (he's the black dog - the other hound is also an alumni - Trapper who is 12-year old) -

Thank you

Nicole for adopting Junior.

UPDATE on December 21st, 2009 from adopter.

"Hello from Junior. He's doing just fine. His nickname is "Cookie Monster" because he comes running when he smells oatmeal raisin cookies that I keep for my breakfast-on-the-go! Happy Holidays from all of us! Trapper, Gina, Junior and Nicole"

Please donate to Basset Rescue Network.

We can save dogs like JUNIOR with your help.
